Ai

APPLICATION & DIGI-TECH

SUMMIT & EXPO

📅 11 - 12 February 2020   📍 Hotel Lalit Ashok, Bengaluru, India

www.ciiaidigitech.in

An Event on Artificial Intelligence, Internet of Things, Machine Learning, Analytics, Automation and Robotics

Today the world around us has fundamentally changed to digital world with seamless integration of technologies transforming the real world objects into intelligent virtual objects through various equipped devices. With the rapid development in the fields of information technology and hardware, the world is about to witness the revolution driven by the power of big data, high computing capacity, artificial intelligence , analytics and Industry 4.0.

Artificial Intelligence (AI) is becoming the new user interface, underpinning the way we transact. AI is no longer the domain of futurists and technologists, it is a reality that every business must face today. Globally, there is a wave of artificial intelligence across various industries and this nascent technology is moving fast with the expanding base of applications of the technology. The global market for artificial intelligence is expected to witness phenomenal growth over the coming years as organizations worldwide have started capitalizing on the benefits of such disruptive technologies for effective positioning of their offerings and customer reach across diverse Industry segments.

Given this background, CII Southern Region is organising its maiden edition of "AI Application & Digi-Tech Summit & Expo" with the theme "Shifting to Applied Intelligence" scheduled on **11 & 12 February 2019** at **Hotel Lalit Ashok, Bengaluru, India**.

AI Application & Digi-Tech Summit & Expo will focus on creating enhanced awareness on AI and ML to various stakeholders and will also connect the user industry to understand and embed these technologies into their area of business. This event will also deliberate on the rapid developments in the areas of Internet of Things, Data Analytics, Automation and Robotics from a user industry view point and will offer a platform for the technology solution providers including startups, innovators and disruptors to showcase their solutions across diverse Industry segments.

FOCUS

This event will emphasis on implementing the AI based solutions for the industry across the manufacturing and service sectors in achieving their goals. The event will also showcase the latest in trends on AI Applications for various sectors and provide an opportunity for the manufacturers of technology to demonstrate to various stakeholders.

FOCUS SECTORS

- Financial Services
- Healthcare
- Homeland Security
- Manufacturing
- Retail & E-Commerce
- Transport & Logistics

FACT SHEET

- 2 Days Summit
- 30+ Eminent Speakers
- 300+ Delegates
- 70+ Exhibitors
- Experience Zone
- AI Challenge
- Interactive Workshops
- Networking & B2B Meetings
- 3000+ Visitors

EXHIBITOR PROFILE *

- Application Design & Development
- Artificial Intelligence
- Assembling an Handling System
- Augmented Reality
- Big Data Management
- Blockchain
- Cloud Computing
- Cloud Services
- Controls
- Data Analytics
- Devices & Instruments
- Drones
- Fintech
- Hardware Manufacturers
- Industrial Automation
- IoT Solutions
- M2M Solutions
- Machine Learning
- Manufacturing Solutions
- Network Management and Optimization
- Platform Solutions
- Process Automation
- R & D
- Rapid Prototyping
- RFID
- Robotics
- Security
- Sensors
- Smart Warehouse
- Startups
- Supervisory Control and Data Acquisition
- Surveillance
- Telecommunications
- Telematics
- Telemetry
- Video Analytics
- Virtual Reality
- Wearables

* This list is illustrative

VISITOR PROFILE *

- CTOs / CIOs/ CDOs / CFOs/ COOs
- Data Analysts & Scientists
- Development Managers
- Government Officials
- Head of Data Science
- Investors
- IT Architects
- IT Directors & Management
- Line of Business Managers & Directors
- Marketing Directors & Managers
- Marketing Managers
- Network Professionals
- Programme Managers
- R&D Managers
- Research Managers
- Security Professionals
- Service Provider
- Software Engineers
- Solutions Architects
- Technical Advisors
- Technical and Business Managers

* This list is illustrative

BOOK YOUR SPACE TODAY

STALL CATEGORY	CII MEMBER	NON MEMBER	INTERNATIONAL
BUILT-UP STALL (Min 9 Sqm)	INR 5000 / Sqm	INR 5500 / Sqm	US$ 135
RAW SPACE ** (Min 18 Sqm)	INR 4000 / Sqm	INR 4500 / Sqm	US$ 110

* Rentals are exclusive of Government Tax ** Electricity will be charged

Special Tariff for Start-ups | For more details contact us

ABOUT US

The Confederation of Indian Industry (CII) works to create and sustain an environment conducive to the development of India, partnering industry, Government, and civil society, through advisory and consultative processes.

CII is a non-government, not-for-profit, industry-led and industry-managed organization, playing a proactive role in India's development process. Founded in 1895, India's premier business association has around 9000 members, from the private as well as public sectors, including SMEs and MNCs, and an indirect membership of over 300,000 enterprises from around 276 national and regional sectoral industry bodies.

CII charts change by working closely with Government on policy issues, interfacing with thought leaders, and enhancing efficiency, competitiveness and business opportunities for industry through a range of specialized services and strategic global linkages. It also provides a platform for consensus-building and networking on key issues.

Extending its agenda beyond business, CII assists industry to identify and execute corporate citizenship programmes. Partnerships with civil society organizations carry forward corporate initiatives for integrated and inclusive development across diverse domains including affirmative action, healthcare, education, livelihood, diversity management, skill development, empowerment of women, and water, to name a few.

India is now set to become a US$ 5 trillion economy in the next five years and Indian industry will remain the principal growth engine for achieving this target. With the theme for 2019-20 as 'Competitiveness of India Inc - India@75: Forging Ahead', CII will focus on five priority areas which would enable the country to stay on a solid growth track. These are - employment generation, rural-urban connect, energy security, environmental sustainability and governance.

With 66 offices, including 9 Centres of Excellence, in India, and 10 overseas offices in Australia, China, Egypt, France, Germany, Singapore, South Africa, UAE, UK, and USA, as well as institutional partnerships with 355 counterpart organizations in 126 countries, CII serves as a reference point for Indian industry and the international business community.
